

# AZIZBEK MUKHTOROV

SOFTWARE ENGINEER

To talk about myself, I am a really patient, responsible, reliable, well-mannered, punctual, and really hardworking man. About my experience in the field, I have worked in three different companies by which I gained pretty good practices and work experience.

## Work Experience

### REACTJS DEVELOPER

at Digital One / present

- Working on a global scale with a much higher level of teammatism than local market demand
- Working with bugs that are not encountered at all, raises the level of the developer's junior level, and this company has benefited me a lot in this work.

### FRONT-END DEVELOPER AND MENTOR

Webbrain Academy / Oct, 2020 - Mar, 2021

- This campaign was not unfamiliar to me because here I first learned about IT. Both the mentoring and the campaign project made me work under a lot of pressure and strengthened my full body or the knowledge

### FRONT-END DEVELOPER

TopClass / Oct, 2019 - Mar, 2020

- It was the first big project that I ever tried and Employers aslo gave me lot of knowledgae that I need during the job

## Educations

### FRONT-END

webBrain Academy / Sep, 2018 - Mar, 2019

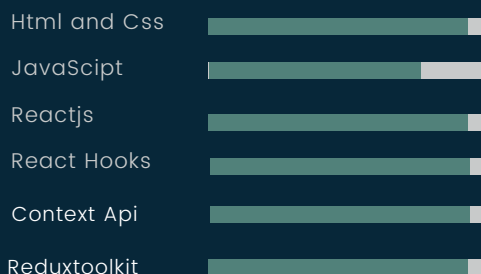

- Awards: Resume Worded problem solver Fellow (only 5 awarded to class)

### INFORMATION TACNOLOGY

Uchkurgan Collag / Sep, 2005 - Mar, 2008

- Graduated with A level
- Won the best student of the year
